The County reserves the right to reject any or all bids, to waive or not waive informalities or irregularities in bids or bidding procedures, and to accept or further negotiate cost, terms, or conditions of any bid determined by the County to be in the best interests of the County even though not the lowest bid.

**V. SCOPE OF WORK**

The Washtenaw County Prosecutor's Office seeks proposals that provide services that help reduce recidivism among returning citizens in Washtenaw County.

Pursuant to its mission to ensure public safety, the Prosecutor's Office knows that returning citizens, and their families, need support during times of transition to ensure they have access to the resources necessary for success, therefore minimizing the likelihood of recidivism.

The Michigan State Legislature has awarded a Michigan Enhancement Grant to the Prosecutor's Office in 2022 to support this work. The Prosecutor's Office will allocate up to \$450,000 to be used over a period of up to 30 months, beginning in January 2023. Proposals are expected to vary in amount, and organizations of all sizes and structures are strongly encouraged to apply.

Applications should effectively demonstrate how funding could be used to sustainably support existing programs, expand existing services, or develop new programs to reduce recidivism among returning citizens in Washtenaw County. The Prosecutor's Office is particularly interested in supporting proposals that meet transportation, housing, mentorship, and workforce development (including education, job training, etc) needs. Proposals should be no longer than 10 pages (although it is anticipated that many applications will be much shorter) and include the following:

- I. **Statement of Problem/Description of Issue:** Applicant should provide a description of the identified issue being addressed through this proposal.
- II. **Project Design and Implementation:** Applicant should describe, in detail, the project design to address the issue identified in (I). This should also include a description of timeline, and what is needed to support your project (such as a description of personnel needs or a budget narrative).
- III. **Capabilities and competencies:** Application should include how the organization is best situated to provide the services outlined and fully execute the program. This section may also include any plans your organization may have to sustain the proposed project after this initial funding.

The 10-page limit applies only to the narrative and does not include other addendums requested.

This grant proposal was developed in collaboration with representatives from the Prosecutor's Office, Sheriff's Office, and the Public Defender's Office, and grant decisions may be made in consultation with all three offices or community-based subject matter experts. When reviewing proposals, evaluators will be particularly interested in program design, program impact, and sustainability.

**BID #8340 Re-entry Services**

Decisions are expected to be made by October 2022, with initial allocations made in January 2023. All grant funds will be reimbursed on a mutually agreed upon schedule, but no funding will be given upfront.
